## Consent For EBR Cellular Cleanse Therapy

### Purpose

To restore the body's energy and balance while facilitating and aiding in its natural detoxification process. Some of the benefits include:

- |  |   |  |
|--|---|--|
| <input type="checkbox"/> Increased Flexibility               | <input type="checkbox"/> Normalized Flexibility/Range of Motion | <input type="checkbox"/> Increased Muscle Strength |
| <input type="checkbox"/> Pain Relief                         | <input type="checkbox"/> Less Muscle & Joint Fatigue            | <input type="checkbox"/> Increased Endurance       |
| <input type="checkbox"/> Decreased Dependence on Medications | <input type="checkbox"/> Alternate Nutrient Delivery System     |  |

### Treatment Precautions

- Do you have a pacemaker or arrhythmia?    Yes    No
- Do you have an organ transplant, has it been less than 3 years from transplant date?    Yes    No
- Are you taking heart regulating medication?    Yes    No
- Are you pregnant or lactating?    Yes    No
- Do you have open wounds on the feet?    Yes    No
- Are you on medications related to psychotic episodes and/ or seizures?    Yes    No

### Warnings

- Patient may experience feeling fatigue after the treatment due to the detoxification process of releasing toxin from the body, also possibility of losing body's normal biochemical ions, such as minerals.
- Excess use may cause fatigue, increase of blood pressure, dizziness, headache or upset stomach. If above symptoms appear it is recommended to cease treatments immediately and drink plenty of fluids to re-hydrate the body. It is also recommended to add trace minerals and amply supply of liquids to replenish and balance the body after each treatment.
- Diabetics and patients with low blood sugar should eat a meal prior to treatment.

I hereby authorize International Chiropractic to detox my body using the Energy Balancer.
